## Everything you need to know

Get your COVID-19 vaccine.  
For more information, please visit:

[www.nhs.uk](https://www.nhs.uk)

## DID YOU KNOW?

Any mild symptoms you may experience from the vaccine means it's working and should only last a few days.

## VACCINE FACT CHECK

There is no scientific evidence to suggest that the COVID-19 vaccine affects fertility in women or men.

## VACCINE FACT CHECK

COVID-19 vaccines do not change or interact with your DNA in any way.

## DID YOU KNOW?

The COVID-19 vaccine is safe and effective, it was tested the same way all vaccines are tested. Hundreds of scientists, thousands of volunteers and billions of pounds funding have meant that COVID-19 vaccines have been developed quickly and safely.

## DID YOU KNOW?

You cannot catch coronavirus from the COVID-19 vaccine.

## VACCINE FACT CHECK

The amount of ethanol used is less than what you find in a piece of fruit.
