

Service User Involvement Groups

Are you affected by Dementia, Learning Disabilities or Neuro-diverse conditions?

Alzheimer's Society is partnering with the NHS to support the development of Community Diagnostic Centres in Cannock, Tamworth and Stoke-on-Trent.

We need to talk to people with lived experiences and/or to join our steering groups to support environmental improvements for Community Diagnostic Centres within NHS Trusts.

To find out more and to get involved contact: **01543 573936** Margaret.Lloyd@alzheimers.org.uk

**“
People don't
always realise
what we can
give to society
through our
own life
experiences.
Person living with
dementia ”**
